INVESTMENTS

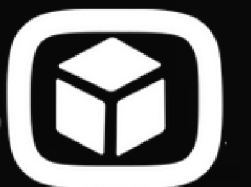

2023

About Us

Blackbox Investments is a leading commodity trading company founded in 2014. Our vision is to become the principal supply chain distributor of needed raw materials to the Zimbabwean manufacturing industry.

We are committed to offering a consistent supply of premium quality products to the manufacturing, industrial and mining sectors. As an industry leader with access to a global supply chain network, we aim to efficiently serve our customer base.

2023

Our Divisions

Blackbox Investments is a strategically structured into five divisions working autonomously to increase our product offering.

Industrial Chemicals

We offer a comprehensive range of industrial chemicals that cater to different manufacturing sectors such as food and beverage, paint and construction, cosmetics and personal care as well as cleaning and detergents.

Mining Chemicals

Blackbox Investments provides top quality certified mining chemicals. Our product range includes Gold and lithium chemicals, flotation reagents, grinding media, and collectors that are tailored to meet the specific needs of our clients.

2023

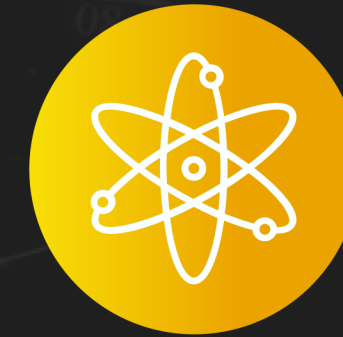

Water Treatment

Water treatment is a critical process for many industries, we provide a comprehensive range of water treatment chemicals to ensure the quality and safety of water used in industrial processes. Our products include coagulants, flocculants, disinfectants, and pH adjusters.

Oils & Lubricants

Oils and lubricants play a crucial role in maintaining the performance and longevity of machinery. At Blackbox, we offer a wide range of ENGEN oils and lubricants that are specifically formulated for different types of machinery and applications.

Commodity Polymers

At Blackbox Investments, we offer a wide range of commodity polymers that are used in various industries such as packaging, construction, and automotive. Our polymers are sourced from reputable manufacturers and are available at competitive prices.

2023

Our Services

Our company invests heavily in maintaining and improving a vast stockholding of all current and new products. With a large warehousing distribution capacity, we are efficiently able to provide high volume commodities which exceed consumer expectations.

We are a group of young, motivated and vibrant people, with a drive to serve our expanding customer base. With access to a world - class supply chain network, we are able to offer cost effective international procurement services to our customers.
